ALS OC Fun Shoot

This is a private invitation only marathon. The **ALS OC Marathon** will be held **Saturday, March 15, 2025** starting at **6:00 am**. Start time depends on assigned mile. Route is along the beautiful **OC Coast**.

Taking part in this event will make you part of an elite team of 26 individual mile sponsors, runners and beach cruisers to raise ALS awareness and funds for local Care Services, ALS Patient Advocacy and Research. Sponsorship gives your team the opportunity to roll the featured marathoner for one mile, an unforgettable experience.

This tradition started in 1999 by Martin Mooney (pictured above), after he was diagnosed with ALS at the age of 37. Even though his condition had seriously deteriorated, he went through the course again in 2000. He passed away from complications of the disease a few weeks after his second Marathon. Each year since, his spirit and courage have been remembered and honored by other ALS patients who have been our “Marathoners”.

## WHY I WALK

**Name:** Shaun Kalpakoff  
**Date of Diagnosis:** Sept. 2017  
**Favorite Quote/Saying:** "The juice is worth the squeeze"

When I was first diagnosed with ALS, I didn't really talk about it. However, at the end of the day you could roll over, take it and just wither away, but that's the easy way out. My son is my driving factor that keeps me focused, positive and willing to do whatever it takes. He is my inspiration and reason for not giving up. I think every terminal disease changes your outlook on life. For me personally, I focus my time on family and relationships. I am lucky to have amazing support from my family, friends and caregivers. Together we are Team Shauny Boy.

I have learned to live well with this disease and try to do as many normal things as possible. I enjoy going to the movies, sporting events, the theater and have continued to travel even as ALS has progressed. I have become a fantasy sports fanatic and my sense of humor remains strong. Life is difficult for everyone, including me. Difficult but not impossible. Don't give up; find your love for life. I have.

## WHY I WALK

**Name:** Chris Beckett  
**Date of Diagnosis:** 8/16/2018  
**Favorite Quote/Saying:** "Just living life and happen to have ALS"

Diagnosis at the age of 29, I have been through a lot of changes in the last 5 years. Some really tough times but mostly very good times. I have gone many places and experienced a lot of new things, now that I am "retired". I am surrounded by many that love and support me.

Things are constantly changing and I like the challenge of figuring out how to best accommodate each change. I enjoy spreading awareness and educating all that are interested. Just keep telling your story and things seem to fall in your lap.

## WHY I WALK

**Name:** Eryn Blythe  
**Date of Diagnosis:** 3/6/14  
**Favorite Quote/Saying:** "If in the night you find the light, through my words of healing and feel love" - Jewel, "Through My Words of Healing"

I was diagnosed with ALS in March 2014. I was 36, mother of a 2-year-old and 6 months pregnant. Before ALS, I was an avid runner, and grew up riding horses. I worked my way through college to complete my master's degree and had a career in IT and HR. Today, I am in a wheelchair, and I require full-time care. ALS has affected my home life, work, marriage, family and friends. Ultimately, I wish to leave a legacy of love for my children, and hope that they learn to appreciate the little special moments every day.

## WHY I WALK

**Name:** Joseph Scrivner  
Born and raised in Southern California, Joe joined the United States Marine Corps in 2012 at the age of 18 and served 5 years. He deployed 3 times, rose to the rank of Corporal and became a subject matter expert on urban combat and amphibious raids.

After his service he followed in his family's footsteps of working in the construction trade and started his own company alongside his girlfriend, Cat, providing home improvement services throughout Orange County. Joe

now lives in Anaheim with his girlfriend and their 3 kids; 4 year old Isabella, 20 month old Cody, and newborn Sophia. Together they are learning to navigate work, kids and life with a terminal incurable illness; ALS.
